

Wanted!

Volunteer readers for Read Across America Week

Tuesday, March 2

any time between 8-1pm (1 hour commitment or more)

Read to two classrooms of 20 to 30 students, 1st – 5th graders

Read Across America Week is a time to promote reading. We want our students to minimize their TV and video game playing time and read! We want them to know that reading is important not just for tests in school, but for life! YOU can give them real life examples of how reading is important in college and in your career. You will also be providing them with a model of how good readers read fluently (stopping at periods, with accurate pacing, with emotion, etc.). You will show them that reading is enjoyable and FUN!
